You will notice there is a reduction in the set work this week. This is to reflect conversations I have had as we are into the 6th week of home schooling. Everyone has worked amazingly over the last few weeks and this week will allow some more time to wind down going into the half term.

There are extra activities available in this week's folder on TEAMS if you would like some more activities to do!

Your work this week will continue to be set as an 'assignment'. To submit your work, please go to **Teams > Assignment> (select the day and subject you are doing) > Add Work > (then choose which file to upload) > Done > Turn in**. This is an easier way for me to

provide feedback to you all.

If a timetabled activity is not set on Teams, you do not need to submit. However, there is a folder to upload any additional pictures of things you get up to in this week's folder.

All resources should be within your assignment. However, the resources you need will also be uploaded to the folders in files on Teams. Please submit work through the assignment so it comes directly to me.

Spellings are in the **Homework folder**. The list you need this week is in the **Spring 1 folder**. Extra resources to support your writing are also available in the **Class Materials folder**.

I will be recording videos of myself reading Varjak Paw this week which I will upload to our Stream channel which is available through Teams.

Challenges are optional additions to the work set. These are to deepen your understanding of the lesson. In maths the last 2 questions you will find are the deeper learning questions. The expectation is to complete the first page, but do as much as you can of the second page.

In addition to the work set, please remember to practise your **spellings, read as much as you can** and log onto **Times-table Rock Stars**. You also have access to **Bug Club** and **Get Epic (class code: yyt0736)** for reading!

English

Set as an assignment

Monday/Tuesday - LO: I can add the prefixes super-, anti- and auto- to words to create new words. Watch the PowerPoint and have a go at the activity set.

Wednesday/ Thursday - LO: I can use homophones and near homophones. Watch the PowerPoint video and have a go at the activity set.

Friday - LO: I know what adverbs are used for. Watch the PowerPoint video and have a go at the activity set.

Maths

Set as an assignment unless stated otherwise.

Monday - LO: Add money. <https://vimeo.com/498286318>

Tuesday - LO: Subtract money. <https://vimeo.com/498297373>

Wednesday - LO: Give change. <https://vimeo.com/499227948>

Thursday - LO: Money round up. **No video** - please attempt the worksheet by yourself.

Friday - Create a shop! What do you have that you could set a price for? How much would someone need to have to pay for something? This will be great if you can play with someone. Use your adding and subtracting skills to make sure you can give change if it is needed... or if they have enough to buy things in the first place! **Not set as an assignment - but there is a folder in this week's maths folder to upload pictures if you would like to upload your shop!**

Geography

Set as an assignment.

LO: I can explain how land is used for different types of farming. Watch the PowerPoint video and have a go at the task set!

Science

Set and assignment.

LO: I know why we need muscles to move. I can set up a simple practical enquiry. I can record my findings. Watch the PowerPoint video and have a go at the experiment that will require you to move about!

Challenge: Research, how do we grow our muscles so they becoming bigger/stronger?

Art/PSHE

Set as an assignment.

Wellbeing wave - Draw around your hand and create a positive message you would like to send to everyone!

PE

Thursday - <https://www.youtube.com/watch?v=Td6zFtZPkJ4>

Friday - <https://www.youtube.com/watch?v=BiWDSfZ3zbo>
