

Dear Parents/Carers,

This is the full list of Statutory National Curriculum Spellings for year 5. The children have already been tested on them and will be re-tested at the end of year 5 to measure progress. Many of the spellings also appear in the school's progress assessments.

The spellings will be displayed in the classroom and the children will be given activities to complete in school and at home over the year.

Spelling is an area in which we know we need to focus, so please help us out. At home, you could take it in turns to challenge each other to spell random spellings. You could come up with silly sentences together. You could even say a sentence with one of the spellings in and see if your child can pick it out of the sentence and spell it. Using the words in context is really important.

If you know that your child finds spelling challenging, then please start to look at the words over the summer holiday.

Thanks for supporting your child,  
Kelly Hally.
