

Class Rufford Learning At Home Tasks

Week 12 - Monday 29th June - Friday 3rd July

	English	Maths	Foundation Subject
Info	<p>This week we are going to switch it up a bit and have a go at an English block on Oak Academy. We haven't done one of these before so I hope you enjoy it.</p> <p>The link below takes you to the English page. https://classroom.thenational.academy/subjects-by-year/year-3/subjects/english Scroll down until you get to the block on Adventure Story. It's quite far down the page or use the individual lesson links each day.</p>	<p>I have put in the lessons that you will be on if you have kept on track. If you are behind, you will need to go back and do the lesson you are on.</p> <p>Because of this, I have put the link to the bank of lessons rather than the individual lessons. Use the same link every day, scroll down past the lessons on fractions. https://classroom.thenational.academy/subjects-by-year/year-3/subjects/maths/#subjects</p>	
Monday	<p>Story: Reading Comprehension - Predict and Inference https://classroom.thenational.academy/lessons/story-reading-comprehension-predict-and-inference</p>	Lesson 11 - Describe 2D Shapes	<p>Our RE topic this half term should have been 'Inspirational People'. I thought we would run with this idea for a couple of weeks.</p> <p>It's still June, Pride Month, so I thought we'd start with looking at some inspirational people from the LGBT community. Have a look at the Power Point (or PDF) and think about why each one is inspirational. Make a list of adjectives that describe inspirational people. Words like hardworking, confident and determined.</p>
Tuesday	<p>Story: Reading Comprehension - Fact retrieval https://classroom.thenational.academy/lessons/story-reading-comprehension-fact-retrieval-9f9602</p>	Lesson 12 - Draw 2D Shapes	<p>The next science lesson is about shadows. You will need to get a range of different materials for this lesson, like wool, cotton, foil, paper, kitchen towel. You also need a torch.</p> <p>Read the information in the Power Point (or PDF) and then carry out the investigation. If you can't print off the recording sheet, record your investigation in your book.</p>
Wednesday	<p>It's Well Being Wednesday - check the subpage for today's activity</p>		

Thursday	Story: Identifying the features of a text https://classroom.thenational.academy/lessons/story-identifying-the-features-of-a-text-2ceb38	Lesson 13 - Describe 3D Shapes	A music lesson for today. https://classroom.thenational.academy/lessons/to-clap-to-the-pulse-of-a-song-in-3-and-4-time/
Friday	Story: SPaG focus - Prepositions https://classroom.thenational.academy/lessons/story-spag-focus-prepositions	Lesson 14 - Identify and Describe Symmetry in 2D Shapes	I'm calling today FITNESS FRIDAY. Do something that gets you out of breath and sweaty. Run up a big hill, go for a long bike ride, do a Joe Wicks workout, choose something from our Staying Active subpage or choose something of your own. But get up and get moving.
