

**Class Rufford Learning At Home Tasks**

**Week 11 - Monday 22<sup>nd</sup> June - Friday 26<sup>th</sup> June**

	<b>English</b>	<b>Maths</b>	<b>Foundation Subject</b>
<b>Info</b>	<p>This week's English tasks all come from BBC Bitesize. They are more like SPAG activities than full English lessons. I thought it would be nice to have a change.</p>	<p>I have put in the lessons that you will be on if you have kept on track. If you are behind, you will need to go back and do the lesson you are on.</p> <p>Because of this, I have put the link to the bank of lessons rather than the individual lessons. Use the same link every day, scroll down past the lessons on fractions.</p> <p><a href="https://classroom.thenational.academy/subjects-by-year/year-3/subjects/maths/#subjects">https://classroom.thenational.academy/subjects-by-year/year-3/subjects/maths/#subjects</a></p>	
<b>Monday</b>	<p><b>Reading lesson: Dindy and the Elephant by Elizabeth Laird</b></p> <p><a href="https://www.bbc.co.uk/bitesize/articles/zvmly382">https://www.bbc.co.uk/bitesize/articles/zvmly382</a></p>	Lesson 7 - Draw Perpendicular Lines	<p>MoneySense Monday</p> <p><a href="https://www.youtube.com/watch?v=qQVa7QxXdpg">https://www.youtube.com/watch?v=qQVa7QxXdpg</a></p>
<b>Tuesday</b>	<p>We learned a bit about similes at school, this will extend your learning.</p> <p><b>Using similes and metaphors</b></p> <p><a href="https://www.bbc.co.uk/bitesize/articles/zmmpscw">https://www.bbc.co.uk/bitesize/articles/zmmpscw</a></p>	Lesson 8 - Identify and Explain Parallel Lines	<p>The third, and final, art lesson in the series.</p> <p><a href="https://classroom.thenational.academy/lessons/optical-illusions-and-using-shading-to-show-form-5248d3">https://classroom.thenational.academy/lessons/optical-illusions-and-using-shading-to-show-form-5248d3</a></p>
<b>Wednesday</b>	<p>It's Well Being Wednesday - check the subpage for today's activity</p>		
<b>Thursday</b>	<p>I'm always telling you how important it is to proof read your writing and edit it. These activities are all about that.</p> <p><b>Using proofreading skills</b></p> <p><a href="https://www.bbc.co.uk/bitesize/articles/zryxt39">https://www.bbc.co.uk/bitesize/articles/zryxt39</a></p>	Lesson 9 - Revise Parallel and Perpendicular Lines	<p>June is Pride Month. Read all about Pride in the PDF and then play the word games in the Power Point or PDF. (If you use the PDF for the game, you will need someone to write the words out for you so you don't see the answers on the slides.) Make a poste to celebrate Pride Month.</p>
<b>Friday</b>	<p>You all know what homophones are (words that have more than one meaning). This lesson will help you to decide when to use their, they're and there.</p> <p><b>Their, they're or there?</b></p> <p><a href="https://www.bbc.co.uk/bitesize/articles/zk2c92p">https://www.bbc.co.uk/bitesize/articles/zk2c92p</a></p>	Lesson 10 - Identify Rectangles Including Squares	<p>As part of our science topic on light, I want you to learn about the effects of the sun and sun safety. Open the Power point (or the PDF) to read all about it and then design your own hat or pair of sunglasses to offer protection from the sun.</p>
