

MY TIME IN CLASS RUFFORD

By Evie-Mae Richardsom

I ENJOYED OUR STONEAGE TRIP

I loved our school trip because, we got to have lots of fun with our friends. And learn about the Stoneage.

WORLD BOOK DAY!!

I especially enjoyed World Book Day and dressing up as Mrs Mad Hatter.

I love seeing Mr Graham and the other teachers dressing up.

It was so much fun!

OUR TRIP TO THE CINEMA

Every year we go to the cinema it is so much fun!

This year we went to see Dora the explorer.

I really enjoyed watching the film with my friends and also getting to eat our sweets!

TREE PLANTING

We went tree planting at Burton Road Park and planted 200 trees!

My favorite part was getting to choose which tree you would like to plant.

GREEK CLAY MASKS

I loved making the Greek clay masks because you got to design your own faces and you got to pick what colour you painted them in.

This is a picture of my mask!

Everyones mask was really good.

P.E.

This is me in P.E.

My favorite part of P.E. was when we got to dance.

I also enjoyed handball outside.

MAKING BUGS

We made bugs out of playdough and pipe cleaners.

Me and Jess made a centipede, she was a great partner and it was really fun.

TIMES DURING LOCKDOWN

We went on lots of walks and bike rides.

I rode 50miles in July!!

I enjoyed seeing my friends and doing fun activities!

We went to the wildlife park and did some den building at Colwick Park.
